

Clinical research solutions supported by the FPG QualPanel™

Over-the-Counter Products • Noninvasive Devices • Behavioral and Cognitive

Focus Pointe Global Clinical Research exists to help our clients better understand tomorrow's markets.

Our exceptional clinical data collection solutions, fueled by our 1.6+ million-member QualPanel™, provide the right participants for insightful dialogue and the overall gathering of critical information.

The FPG QualPanel™

FPG panelists register to participate through our respondent web portal, focusgroup.com, and are vetted through a rigorous 5 Check Pointe Recruiting regimen. The result is the FPG QualPanel™, populated by 1.6 million opt-in panelists, including thought leaders and influencers in the healthcare, patient, business, and consumer spheres.

The FPG Patient Panel™

Consisting of 92 chronic medical conditions and managed by a team of seasoned industry veterans, the FPG Patient Panel™ offers custom consultations of study feasibility with the highest level of customer service and efficiency available in the industry.
